Introduction

*"Why, man, he doth bestride the narrow world
Like a Colossus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

4 Feb 2008 and 2 Jun 2008 (8 Dec 2007 to 12 Jul 2008)

TRANSITING PLUTO SQUARE RADIX MIDHEAVEN - It's time to make some changes to your objectives and these are most likely to affect the direction of your life. You may be facing big decisions such as a change of career, marriage or parenthood. On the other hand you may simply want to adjust your profession slightly, searching for a new job rather than a whole new career. This transformation may not be smooth. Perhaps you are clashing with important people in your life such as your spouse, your boss or an influential colleague. You have a good idea of where you want to be in your chosen profession, but may unwittingly be pushing too hard to get there too quickly. It is also possible that you are on the right track but that someone else seems to be opposing every move you make. Perhaps they are threatened by the changes that are taking place. It is tempting to push even harder to achieve your ambitions, but this will only worsen the situation. It is better to approach potentially volatile situations as calmly as possible believing in your ability to find a final resolution. Diplomacy is the key to this phase. You currently have the ability to see the truth in most areas of your life, but others may not share this talent. Therefore you need to learn how to diplomatically move forward without feeling insecure or threatening others. As a result the direction of your life takes on a new meaning and purpose.

17 Jun 2008 (3 May 2008 to 29 Jun 2008)

TRANSITING SATURN TRINE RADIX URANUS - You now have the opportunity to balance a healthy sense of responsibility with the ability to embrace new and exciting concepts. Areas of your life which may have become a little staid are now enlivened. Whereas in the past you may have experienced obstacles to moving in new directions, you now have an understanding that breakthroughs are imminent. This is also an ideal time to explore new avenues of interest, to take up those opportunities to delve into exciting new activities. Metaphysics, science and the world of computers may all appeal.

18 Aug 2008 (27 May 2008 to 9 Nov 2008)

TRANSITING PLUTO OPPOSITION RADIX MERCURY - Right now something or someone is demanding your concentrated attention. This could be a project that demands intense work, or it could be a person who is trying to persuade you to make a certain decision. Either way you are being challenged to know yourself, assess the situation and concentrate on the task at hand. You may feel a little obsessive right now. It is important to apply yourself to the situation, but you need to be wary of overdoing things. You can be quite obsessive during this phase, and this could lead to nervous exhaustion, if you are not careful. You are likely to encounter obstacles along the way, however; you have the tenacity to overcome them. Likewise you are learning the difference between trying to force someone to agree with you, and the need to stand up for yourself. Someone else may be forcing their opinions on you or an unexpected crisis may arise stretching your communication skills to the limit. Written negotiations and contracts may not run smoothly

as someone puts a cog in the wheels. At times you may feel stressed, irritable and overworked. Relax as much as possible and remember that the time will pass and the reasons behind the mix-ups will become clear.

TRANSITING URANUS TRINE RADIX PLUTO - You have deep and penetrating insight into life which can be put to good use during this transit. Therefore this is a beneficial transit if you are involved in counselling others as you will have the ability to understand the problem and offer original and creative solutions. You also have the opportunity to take risks that lead you further along the path to achieving your purpose in life.

TRANSITING URANUS TRINE RADIX SOUTH NODE - New experiences abound prompting a change of direction more in line with your true purpose in life. This could involve meeting new groups of people, an exciting new relationship, change of career or new interest. It could also involve metaphysics, science, environmental interests or technology. This is a metaphysical time during which you have the opportunity to become more alive and open to life's excitement. It's also possible that you will take up activities that, although not obviously linked with your ultimate purpose, will stand you in good stead later in life. Our own ideas of our true purpose at one stage in life may differ at a later stage. So keep an open mind and make the most of any opportunities that pass your way.

4 Jul 2008 (17 Jun 2008 to 12 Jul 2008)

TRANSITING JUPITER OPPOSITION RADIX VENUS - You are struggling to get what you want from your loved one. In fact relationships of all kinds, particularly with women, may be a source of difficulty right now. The trouble is that you or your loved one are expecting too much. There has to be a balance between the adventures of life and the routine daily demands. Right now one of you is seeking only the adventure and this is causing tension. It is often hurtful when one person in a close relationship upsets the balance, so it is understandable if you are feeling rejected by your loved one. The best approach may be to give the other person a little bit of time to settle down. They may need a little bit of freedom before returning to a more balanced approach to the relationship. On the other hand it could be that the other person's insensitivity to your relationship is the straw that breaks the camel's back, as far as you are concerned. In astrology Jupiter is considered to be a positive influence. Therefore it is more likely that things will settle down with positive results from this topsy-turvy time.

13 Jul 2008 (21 Jun 2008 to 22 Jul 2008)

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

17 Aug 2008 (31 Jul 2008 to 25 Aug 2008)

TRANSITING SATURN OPPOSITION RADIX SATURN - This is a time of reckoning. Slowly, but surely, the structure of your life changes. This is one of those times when you are forced to live with the consequences of past decisions. In particular you may like to reflect on events in your life about 15 years ago. The seeds sown during the past now come to fruition. This can be a positive time when you reap the rewards of your previous commitments. Alternatively it can be a difficult time if you have invested in unfruitful people or projects. Either way it is time to tackle situations with patience and integrity. If you are reaping rewards, there are extra responsibilities. If you are experiencing difficulties from past actions, you have to work hard to put things to right. Either way you need to rise to the challenge and face the truth. Otherwise you are likely to find this period more difficult than it needs to be. Slowly you realize that you need to shoulder your own responsibilities, however; you may also notice that other people or events seem to be holding you back from achieving your own purpose. Even though you may sometimes feel that others are blocking your path you need to tackle personal and business relationships with integrity. It is time to let go of past grievances and work towards a more positive association. The more that you can face and let go of the past, the more you will pave the way for a more stable future. A sense of humour, although difficult to find right now, can go a long way to alleviating the heavy nature of this time.

TRANSITING SATURN SQUARE RADIX CHIRON - It is time to let go of emotional patterns which have prevented you from expressing your true self. However, the process may be painful, emotionally or physically. As a result you are particularly sensitive during this time, and need to take good care of yourself. It is possible that an event or person could upset your equilibrium. You may be introspective, pondering on

childhood memories and relationships, particularly with parent figures. Although this can be a painful process, there is light at the end of the tunnel. You have the opportunity to gain new understanding of past events and move forward in your life with wisdom and insight.

TRANSITING JUPITER TRINE RADIX NEPTUNE - You feel at one with the world during this transit. Meditation, music, art, dance, photography, spiritual groups, travel and communing with nature offer moments of peace and tranquility. You feel creative and intuitive. Therefore it is a good time to explore and express the more artistic and spiritual side of your nature.

6 Oct 2008 and 12 Nov 2008 (17 Aug 2008 to 11 Dec 2008)

TRANSITING CHIRON SQUARE RADIX JUPITER - You are impelled to discover your true purpose in life and make the appropriate changes that will help you express your true potential. This is quite a challenge as you firstly have to face the obstacles from the past, even if it means facing the fact that you are often your own worst enemy. This is not the time to be judgmental of yourself or others, but to have compassion and understanding. Everyone has painful emotional memories which influence their current life. You now have the chance to come to terms with your own inner demons and break through to new and more exciting horizons. A teacher or healer may be able to help you, or you may face the challenge on your own. Either way this transit enables you to increase your wisdom and understanding, and to discover hidden talents.

TRANSITING SATURN CONJUNCTION RADIX NEPTUNE - During this time you are cut off from other people. Negatively this can be because you are feeling lonely and failing to reach out to others, or positively because you are using the time for some serious contemplation. Beware of your own gloom at this time. You may feel that many areas of your life have failed leaving you with an overwhelming sense of hopelessness. There is a reason for these negative thoughts and feelings. This transit is demanding that you see your life in a different light, a more spiritual rather than physical light. At first this can be depressing as you realise the hopelessness of pursuing purely personal ambitions which have no greater purpose. However, by the end of the transit you will have incorporated a larger and more selfless view and may have a clearer vision for the future. Contemplation and meditation can prove very useful during this time.

12 Oct 2008 (30 Aug 2008 to 24 Nov 2008)

TRANSITING CHIRON TRINE RADIX ASCENDANT - This is a time of rejuvenation and regeneration, when you have the opportunity to release troubling aspects of your life and walk a new path. This could literally mean healing a physical wound or, more metaphorically, mending broken bridges. You now have the chance to forgive and forget, and to focus on your own talents and gifts. Your dreams may play an important role in helping you understanding the changes that are taking place right now. You may also benefit from talking to a sympathetic and understanding friend. Your own listening skills are improving and friends enjoy confiding in you right now. They appreciate the wisdom that you are gaining through your life experiences and self-understanding. You may take up a teaching or counselling role during this phase, however; you are more likely to use this time to gain greater understanding of human nature and your own talents.

TRANSITING PLUTO SQUARE RADIX MIDHEAVEN - It's time to make some changes to your objectives and these are most likely to affect the direction of your life. You may be facing big decisions such as a change of career, marriage or parenthood. On the other hand you may simply want to adjust your profession slightly, searching for a new job rather than a whole new career. This transformation may not be smooth. Perhaps you are clashing with important people in your life such as your spouse, your boss or an influential colleague. You have a good idea of where you want to be in your chosen profession, but may unwittingly be pushing too hard to get there too quickly. It is also possible that you are on the right track but that someone else seems to be opposing every move you make. Perhaps they are threatened by the changes that are taking place. It is tempting to push even harder to achieve your ambitions, but this will only worsen the situation. It is better to approach potentially volatile situations as calmly as possible believing in your ability to find a final resolution. Diplomacy is the key to this phase. You currently have the ability to see the truth in most areas of your life, but others may not share this talent. Therefore you need to learn how to diplomatically move forward without feeling insecure or threatening others. As a result the direction of your life takes on a new meaning and purpose.

During this transit you enjoy intuition, independence and excitement in your personal relationships. You also enjoy intellectually stimulating relationships with a balance of give and take. You have the ability to allow others plenty of freedom to be themselves, while enjoying their company. If you are already in a relationship, then it will take on these qualities. If not, then a new and exciting relationship may start during this time. This can also be a very creative time. Money may also flow easily.

TRANSITING JUPITER OPPOSITION RADIX VENUS - You are struggling to get what you want from your loved one. In fact relationships of all kinds, particularly with women, may be a source of difficulty right now. The trouble is that you or your loved one are expecting too much. There has to be a balance between the adventures of life and the routine daily demands. Right now one of you is seeking only the adventure and this is causing tension. It is often hurtful when one person in a close relationship upsets the balance, so it is understandable if you are feeling rejected by your loved one. The best approach may be to give the other person a little bit of time to settle down. They may need a little bit of freedom before returning to a more balanced approach to the relationship. On the other hand it could be that the other person's insensitivity to your relationship is the straw that breaks the camel's back, as far as you are concerned. In astrology Jupiter is considered to be a positive influence. Therefore it is more likely that things will settle down with positive results from this topsy-turvy time.

The trouble is that you want to make great changes in your life, but lack the necessary tolerance and patience to get the timing right. Power and the abuse of power may become a focus of your life. TRANSITING SATURN SQUARE RADIX MERCURY - Order, neatness and tidiness are the catch cries of this phase of your life. If you are an methodical person then you are likely to take on new challenges during this period, ones that require concentration and organisation. You may be attracted to a course of study or a particular project that makes the most of your excellent skills. On the other hand, if you are usually a muddled person, then now you are forced to change your ways. No more distractions will be allowed. You need to concentrate on getting your affairs in order. You may even be forced to adopt a more organized approach through unexpected circumstances. For instance if you have been putting off paying your tax, then don't be surprised if the government comes calling. You may find this period somewhat challenging, particularly if you are set in your ways. Your opinions and thoughts on matters are challenged during this phase and you may be forced to change your mind on many matters. Communications with others may be difficult, and you may literally have problems with communication equipment. You can expect delays in some tasks. Nevertheless you need to be patient and persist. The best way to handle this transit is to eliminate as many distractions as possible, work consistently towards a particular goal and keep an open mind. When you look back on this phase you will be surprised and delighted by all that you

achieved.

1 Nov 2009 (14 Oct 2009 to 11 Nov 2009)

TRANSITING SATURN OPPOSITION RADIX MIDHEAVEN - About seven years ago you set certain changes in motion. Since then you have been steadily working towards personal happiness, financial rewards and better self-expression. You have developed a strong sense of self and sown some seeds for the future. You are now faced with the opportunity to consolidate these changes, or to reassess. You are currently required to take time to settle down and lay the foundations for the next phase of your life. This could simply mean working steadily and quietly on a project, but it is more likely to be a need to focus on matters close to home, including your family and your house. If you are married with dependants then these loved ones may require your considered time and attention. Alternatively you may be planning to start a family. It is possible that a family member comes to live with you, adding to your responsibilities at home. Perhaps your father, or other members of your extended family, may be demanding your attention. Your living space may also require attention. If you have been moving around or do not own your own home then perhaps you are ready to settle down. If you are already comfortable in your living quarters, you may discover that your house needs renovations or additions. It is the ideal time to make these changes. On the other hand you may choose to move to a new home, one more suited to the next phase of your life. You may choose to start a real-estate portfolio or to start a business working from home or even to move your home business to offices. Whatever your personal situation, you would be wise to put in the extra time and effort required for this next phase of your life. If you can concentrate your efforts on this private area of your life then you stand to benefit greatly in the future. Whether you realize it or not, you are currently building an emotional and physical foundation for the next phase of your life.

TRANSITING URANUS TRINE RADIX SOUTH NODE - New experiences abound prompting a change of direction more in line with your true purpose in life. This could involve meeting new groups of people, an exciting new relationship, change of career or new interest. It could also involve metaphysics, science, environmental interests or technology. This is a metaphysical time during which you have the opportunity to become more alive and open to life's excitement. It's also possible that you will take up activities that, although not obviously linked with your ultimate purpose, will stand you in good stead later in life. Our own ideas of our true purpose at one stage in life may differ at a later stage. So keep an open mind and make the most of any opportunities that pass your way.

10 Jan 2010 (1 Jan 2010 to 15 Jan 2010)

TRANSITING JUPITER TRINE RADIX MERCURY - Good news is the cornerstone of this phase because communications of all types are favoured. If you have been waiting for a positive outcome to a project, or a beneficial announcement of some sort then you are likely to receive it now. You are mentally alert and capable of quick thinking and good decisions. Influential people notice your positive attitude and aptitude and reward your efforts. Promotions at work are possible. You are also likely to benefit from any decision to study, travel, teach, write or sharpen your mental faculties. Plans to buy and sell property are likely to be satisfying. In fact any plans made now are easily executed because of your optimism and ability to see the big picture, as well as deal with details. You may also discover latent sales talents. Legal contracts and lawsuits are also likely to be favourable when undertaken now. Of course, this does depend on other astrological influences. However, if you have shown restraint and wisdom in your dealings with other people then you are likely to receive positive news.

TRANSITING JUPITER SQUARE RADIX SUN - Success is within your reach during this phase. You are

reaching a point in your life whereby you can achieve your goals and make a positive contribution to society. You want to expand your horizons and have the ability to do so. Financial and spiritual riches are within your grasp through your own efforts and through benefactors. You are keen to make the most of the doors that are opening. However, you need to be wary of a lack of discretion and restraint. It could be your own lack of discretion or it could be someone else in your life. Either way excesses are to be avoided. Currently you feel tempted to pursue your goals no matter what the cost to yourself or your loved ones. It would be better if you could use this time to pursue your own goals, waiting patiently for things to run their own course.

11 Mar 2010 (12 Feb 2010 to 7 Apr 2010)

TRANSITING PLUTO SQUARE RADIX MARS - On the one hand this can be a positive stage of your life whereby you have plenty of energy and drive to achieve your ambitions. You rise to the challenges presented to you and perhaps even take on a leadership role. On the other hand tensions can arise as you push to further your ambitions. You may not be aware of the powerful effect that you are currently having on the people around you, particularly if you are usually a quiet, unassuming person. It could be that, in your excitement to get ahead, you are pushing too hard for your own selfish purposes. On the other hand it could be that someone else is upset at your success and therefore keen to throw a spanner in the works. Either way it would be wise to refrain from angry outbursts, which will only upset things further. You would do better to slow down a little and reassess your actions so that you are only putting energy into projects that mean a great deal to you. A little self-control could have long-term benefits, and the danger of this transit is that you could lose long-term benefits in your eager efforts for short-term gains. You may also benefit from releasing some of your pent-up frustration through a contact sport or by joining a gym.

TRANSITING CHIRON TRINE RADIX MERCURY - Opportunities abound for you to explore new ways of communicating your thoughts and ideas if you choose to take notice. It is also a good time to forgive and forget old wounds from the past, and to open up the communication lines with others. You are feeling intuitive and sensitive to the needs of others. Therefore you may be provided with the opportunity to lend a sensitive ear to other people's troubles. You are also open to new insights and understandings, and despite feeling vulnerable, have the opportunity to see all areas of your life in a new light.

TRANSITING JUPITER CONJUNCTION RADIX SATURN - This can be a beneficial transit during which you feel an increased joy in your responsibilities. You now feel that you have the ability to achieve a sensible balance in your life reaping benefits from past hard work and planting seeds for the future. This may take many forms including career promotion, others recognising your work and opportunities to study or travel. In some cases you may feel the urge to make changes to your current lifestyle to accommodate

your need for expansion. The only hitch to this transit can be that you may lack tolerance for anyone who stands in your way as you seek to expand your horizons. If this is the case enlist the help of others rather than tempting them to work against you.

Whatever exciting direction you wish to explore there seems to be no clear path, and yet there is a strong urge to continue exploring. In some cases you may feel that someone else or an external event is confusing matters. However, you are idealistic and have unrealistic expectations and would be wise not to accuse others just yet. It may be that someone is deceiving you, but now is not the time to take action. Bide your time and all will become clear. If you have been in a rut and yearning for a change then this is an intoxicating and unpredictable period of your life. Your professional life is likely to be the trigger of this change, however; it could be another area of your life that undergoes a transition. For instance you could suddenly discover that you are about to become a parent, or perhaps the last of your children leaves home

and you are faced with an empty nest and more freedom. Whatever the scenario, change is the key word. This can be a time of excitement as you take on new challenges and innovations or it can be a time of frustration and disruption as the unexpected happens. Either way you should be ready to go with the flow and enjoy a sense of freedom rather than digging in your heels. The more that you resist the changes the more that you will feel unsettled by these changes. You may even counter strong opposition from those who have authority in your life. Rather than try to force changes in others you would do better to go with the flow and look for new and exciting opportunities. If you have been considering altering your life direction, now is the time to act. Whether or not you take charge of the changes, by the end of this transit life will have suddenly taken a new direction. You are open-minded and eager to share ideas with other people. You are confident in your own opinions. However, you do have to be careful how you go about your business. On the one hand you are confident and optimistic and other people respond positively with special gifts, support and favours. However, you also have the tendency to be grandiose, lacking tact and diplomacy. In other words, if you are not careful, you can be opinionated and blunt. Others may be quick to point out these faults, which you find irritating rather than helpful. Before you know it your positive dealings have spiralled into a maze of mis-communications. This is easily avoided if you show some restraint in your communications with others. Once you have learned diplomacy then you are likely to benefit from anything that involves contracts, transactions, study, teaching, travel and the media.

TRANSITING JUPITER CONJUNCTION RADIX MIDHEAVEN - You have reached the culmination of a cycle in your life and are ready to reap the rewards of seeds sown earlier. Your career and home life are particularly influenced by this phase. The rewards depend largely on whether or not you have sown your seeds on fertile ground. If you have squandered opportunities in the past, not paid attention to details or shirked your responsibilities then you could find this a difficult time. However, if it is far more likely that you reap the riches of past actions. You have opportunities to expand your career choices either through study, promotion, new job opportunities or a change of direction. You may even become a parent, if this is one of your life goals. You may study or travel in order to expand your professional choices. Whatever the circumstances you are feeling confident and now is a good time to broaden your professional horizons. Beware only of over-confidence that could lead to taking on too much or making unwise choices. Consider your career prospects and professional responsibilities carefully. Your home life may also benefit as a result of your advances in your career. Take care not to neglect your family and everyone should enjoy this worthwhile phase.
